Yan/Yaorong

This is to document the verbal requests that I made for the analysis of the Anvil products from Clarke and MassDEP, Permanone products from Bayer, and Permanone products from MD Dept of Ag. These analyses are needed to support EPA/OPP on-going effort in determining source of PFAS contamination, if any, in those products.

Thanks

Thuy

**Subject:** requests for lab services

Hello Thuy and Yaorong,

Do we have emails (etc.) requesting our lab services for the Anvil, Permanone and the MD state oil samples?

Thanks

Yan
